

LITTLE SHAMROCKS

PRESCHOOL

AND

DAY CARE

The Little Shamrocks Preschool and Day Care programs are designed to fit the needs of each individual child. Our program offers opportunities for children to develop socially, cognitively, physically and emotionally in a loving and safe environment.

Each week is assigned a theme. Developmental and cognitive learning activities will be planned based on the weekly theme. These activities will be open to the children during Centers time, which are encouraged, but not mandatory. Activities include a letter and number of the week for the children to work on, as well as a literature based activity. A monthly field trip that ties into one of the themes that month will be scheduled.
